- Sway Control Ready
- 10" 12" and 13" Brakes available

Airbag Suspension

Take your caravan or trailer to the next level with the TEK0/TuffRide TuffBag upgrade. Allowing you to have even more versatility.

TuffBags allow you to adjust the travel height to suit all conditions and terrains, never limiting your Adventure.

Rolling sleeve airbags have been used in the automotive industry since the early 80's, proving their reliability and versatility over the past 40 years.

Versatile: Lift your Caravan/Trailer up to clear obstacles or lower it down to fit into your garage. Level your campsite without the need for ramps.

Strong: TEK0/TuffRide TuffBags are constructed from heavy duty automotive grade material, to ensure a no fuss adventure, every time.

TuffBag Ready: Want the ability to upgrade to TuffBags in the future?

Make sure to option your suspension as Tuffbag Ready.

Stage 1: Manual Inflation with analogue gauge (external compressor required).

Stage 2: 'On Board Air' with inflation switches.

Stage 3: 'On Board Air' with wireless remote.

Stage 4: 'On Board Air' with wireless remote & Auto Ride Levelling.

'On Board Air' includes: Heavy Duty Compressor, Air Tank, Digital Dual Pressure Gauge, Air Hose & Inflation Wand for inflating tyres.

Disc Brakes

Increase your stopping power and serviceability by optioning Deemaxx Disc Brakes.

All TEK0/TuffRide Independent Coil Suspensions fitted with 12" brakes are disc compatible and can be upgraded at any point. Or option it from day one on your new Caravan or Trailer.

- Better cooling - less likely to overheat and fade.
- Less susceptible to contamination
- Less maintenance
- Much easier maintenance
- Fewer moving parts
- Lighter
- More pad-to-rotor contact area.

Energy Mitigation Technology (EMT)

TEK0/TuffRide Independent Coil Suspension has been designed specifically with industry leading Energy Mitigation Technology (EMT).

Suspension that has 'built in' EMT reduces the force on the chassis by up to 37.5%.

TEK0/TuffRide's industry leading EMT has been used since 2014 and we continue to lead the way in ride comfort, strength, quality workmanship and off road ability.

Ensure your next Suspension has EMT built in.
